

CONTROLLING OFFICER'S REPLY

CSTB221

(Question Serial No. 1928)

Head: (95) Leisure and Cultural Services Department

Subhead (No. & title): ()

Programme: (1) Recreation and Sports

Controlling Officer: Director of Leisure and Cultural Services (Vincent LIU)

Director of Bureau: Secretary for Culture, Sports and Tourism

Question:

The Programme mentioned that the Government would strengthen the promotion of urban sports to encourage participation of more young people and to identify and nurture junior athletes with relevant potential. In this connection, would the Government inform this Committee of:

1. the types of urban sports it will promote in the future;
2. further to the above, a list of activities it held in the past 5 years for promoting urban sports, the numbers of participants and the numbers of young participants therein;
3. the details and schedule of and estimated expenditure for the conversion of some underutilised floors of the Kwun Chung Municipal Services Building into an urban sports centre, a measure which, according to the Budget, will be examined to provide a suitable venue for activities such as sport climbing and skateboarding that are popular among the youth, and whether the Government will engage relevant sectors and young people who are enthusiastic about the sports to jointly plan the conversion to ensure that the completed venue will be well received; and
4. the number of facilities and venues currently available for conducting urban sports apart from Kwun Chung, their locations, numbers of users, usage rates and hours used as urban sports venues.

Asked by: Hon LEUNG Yuk-wai, Kenneth (LegCo internal reference no.: 31)

Reply:

1. In recent years, the International Olympic Committee has been focusing on promoting youth engagement in sports, and has introduced a range of sports popular among the youth to provide more opportunities for them to pursue their Olympics dreams. To be in line with the international trend, the Government will step up efforts in promoting urban sports included in the Olympic Games or the Youth Olympic Games, including 3-on-3 basketball, futsal, sport climbing, skateboarding and breaking.

2. In the past 5 years (i.e. from 2018-19 to 2022-23), the Leisure and Cultural Services Department (LCSD) provided subvention under the Sports Subvention Scheme to the national sports associations (NSAs) promoting urban sports, including Hong Kong Basketball Association, The Hong Kong Football Association, China Hong Kong Mountaineering and Climbing Union, Hong Kong DanceSport Association and Hong Kong Federation of Roller Sports, to organise 2 800 activities of 3-on-3 basketball, futsal, sport climbing, breaking, skateboarding, etc. for about 130 000 participants. Apart from holding urban sports activities in the community, these NSAs also organised and participated in overseas- and locally-hosted international events, squad training, sports training programmes, local competitions, etc. to promote the development of urban sports. Most of the urban sports activities mentioned above targeted young people as participants. However, the Department does not have details on the age distribution of participants.

At the same time, the LCSD also held more than 500 activities of such urban sports as 3-on-3 basketball, sport climbing, skateboarding and futsal for about 16 000 participants. These activities were open to the public. The Department does not have the numbers of young participants therein.

3. It is announced in the 2023-24 Budget that the Culture, Sports and Tourism Bureau is examining the conversion of some underutilised floors of the Kwun Chung Municipal Services Building into an urban sports centre, so as to provide a suitable venue for activities such as sport climbing and skateboarding. To facilitate early completion of the project, the LCSD along with related departments will expedite the planning process, and the technical feasibility study of the conversion project is expected to be completed within this year. We will provide the details on estimated expenditure and implementation schedule when we consult the relevant Legislative Council panels and seek the funding approval of the Finance Committee.

Moreover, the Government will cooperate with the sports sector, schools and relevant stakeholders in promoting urban sports. We will contact and consult relevant parties (such as district sports associations, non-governmental organisations and sports associations) during the process of designing the urban sports centre.

4. At present, there are 14 indoor and outdoor sport climbing facilities, some 500 basketball courts, 8 skateboard grounds, 5 skateparks, over 190 dance rooms/multipurpose activity rooms and over 120 5-a-side soccer pitches available for conducting urban sports. The locations of these facilities are at Annex. Among them, basketball courts, dance rooms/activity rooms, 5-a-side soccer pitches and skateparks are multipurpose facilities. The LCSD does not have any breakdown on the use of urban sports facilities. Separately, the LCSD does not have information about the usage rates of skateboard grounds which can be used without advance booking. As for indoor and outdoor sport climbing facilities, their average usage rates in 2022 were 36% and 25% respectively.

List of LCSD facilities available for conducting urban sports
